Events from the last year have communities around the world thinking more than ever about serious international issues of climate change, rising migration, inequality, faltering economies, and so much more. The future is uncertain and the speed and scale of change grow with every day. More and more, we find ourselves negotiating the balancing act between a global mindset and local approaches. Like the world around us, the international education landscape is changing.

The international education environment in Canada has always been a vibrant one. Our Government recently launched a second International Education Strategy and we are fortunate to have a large pool of practitioners examining critical questions and exploring unseen avenues through which to innovate and ultimately improve the sector. CBIE 2020 will be a space for creative leaders and collaborators to expose the issues that institutions are facing, explore the possibilities when it comes to design, delivery and impact, and forge the way for the innovative pathways of the future.

What role should our sector be playing within a complex global environment? How can we work together to shape the future of international education in Canada?

CBIE 2020

The Canadian Bureau for International Education (CBIE) invites concurrent session proposals that will contribute to this important conference dialogue about how we leverage international education in Canada and move towards a better future for all. Topics of particular interest to our delegates are outlined under Focus Areas in Table 1.

Below are additional important considerations:

- Sessions will be **one (1) hour** in length, and should allot time for a question and answer period.
- Video conferencing is not accepted, nor are sessions encouraging product promotion.
- Session rooms will be set up in either round tables or theatre style. Rooms and setup style are assigned at random.
- Individuals may participate as a presenter in a maximum of two (2) sessions.
- Proposals will be evaluated by an external selection committee using the guidelines in Table 1 and 2.
- **Accepted presenters must register for the conference and pay the applicable conference fee to secure their session slot.** A deadline and registration link will be provided.
- **Presenters must be available to present on any day and time of the conference Monday to Wednesday at the Sheraton Centre Hotel in Toronto.**
- Each session must identify a primary contact who will correspond with CBIE and liaise with the session presenters.
CBIE will provide all laptops, projectors, screens, and Wi-Fi. Personal laptops cannot be used during the presentation. If sound or a microphone is required, please specify and we will do our best to accommodate.

A presenter from every group must check into the speaker ready room prior to their presentation so that a technician may upload the slides. A schedule for the speaker ready room will be provided prior to conference.

Session presentations will be posted on the conference app for delegates to download following the conference. Those that do not wish to have their session content posted should identify themselves.

Proposal Submission

To submit your proposal, use the following online form:

Submission link: https://surveys.cbie.ca/s3/Call-for-Proposals-2020

Note the following submission information:

- Table 1 outlines the information that you will be asked to submit.
